WINNER OF BABY CONTEST—Gregory Curet, son of Mr. and Mrs. James Curet, won the baby beauty contest at the Kiln Youth Center last Sunday. The baby who received the most votes was the winner. The votes were sold for a penny a piece. Gregory, who is eleven months old with blue eyes and blond hair, won over four other contestants. The youngster weighs 25 pounds.

Dredging Work Starts In River

Mariners were advised by the U. S. Corps of Engineers this week that the hydraulic pipeline dredge Josenhans will start dredging operations in the Jordan River channel at Beacon Number Three this week.

The pipeline, the statement said, may be shifted from one of the channels to the other as work progresses. Mariners are requested to exercise caution, approach the dredge at slow speed, carefully observe the location of the pipeline, blow passing signals and not attempt to pass until signals are answered from the dredge.

Youth Center Fund Drive Reaches \$372.50

The Bay St. Louis Youth Center has collected \$372.50 thus far in its annual drive for funds.

The donors and the amount they have given are as follows: Weston Lumber Co. \$100.00, Globe Laundry 10.00, Hancock Insurance Agency \$25.00, Dr. and Mrs. J. A. Evans \$7.50, Mr. and Mrs. Charles Byrd \$5.00, Mrs. C. C. McDonald \$15.00, Mr. and Mrs. Richard Shadoin \$10.00, Anonymous \$200.00.

Anyone who wishes to donate to this fund can either contact Mrs. Richard Shadoin or Mrs. George Seuzeneau.

Special Meeting For Cattlemen's Association Set

S. J. Ingram, president of the Hancock County Cattlemen's Association, has called a special meeting of the group which will be held Saturday morning at 9 o'clock. The meeting will take place at the county agents office on Necessity Ave.

The purpose of the meeting is to discuss plans for the Hancock County Fair to be held at the Bay St. Louis Youth Center on October 1 and 2.

Blood Bank Supplies Two Pints Of Blood

The Hancock County Blood Bank proved its usefulness and value to the community again this week.

Two more patients were helped to recover with the aid of a pint of blood for each. The blood was received from the county bank at the Foundation Hospital in New Orleans.

George Heitzmann, chairman of the Blood Bank in the county, said, "We expect to have another drawing in October. Anyone who wishes to register and hasn't done so up to this time can either contact me at the Courthouse or Mrs. Mabel Green at the City Hall."

The Hancock County fair is to be held October 1-2.

This means the anthrax disease must not crop up in a single animal between now and then, the county agent, Howard Simons said.

"We are very optimistic about it, though," he added. "We have not had an animal to die since last Thursday, August 26. If no new cases come up within the next week the area will probably be declared clear."

The livestock show proposed can be held if the go-ahead is given by the state veterinarian.

The latest anthrax outbreak crossed the river at a point where Louisiana cattle had been severely stricken recently.

A vaccination program was started immediately in an effort to keep the disease out of the Hancock dairies.

In the event it reaches the dairy section, the dairymen affected would be required to send their milk down the gutter for a period of up to 21 days.

The vaccination program is under the direction of Dr. P. D. Nease, who is loaned to this area by the U. S. Bureau of Animal Husbandry.

1

Proposed Hospital May Get State And Federal Funds

Hancock County's dream of a new hospital moved closer to the real thing this past week when medical authorities and local leaders heard that this area might receive state and federal funds to aid the project.

Foster L. Fowler, director of the Mississippi State Commission for Hospital Care told an interested group that these funds are available to "A" priority areas, of which the county is one.

At the meeting were members of the board of supervisors, the mayor, and city commissioners, members of the King's Daughters Hospital Board, Members of the American Legion Hospital committee, local doctors and many other interested citizens.

Fowler pointed out that in some cases that hospitals constructed under the Mississippi Hospital program were self-sustaining while some showed heavy losses. He stated that he had every confidence that such a hospital could be operated within a budget which could be afforded here. He stated that, in his opinion a 30-bed hospital would show a deficit of from ten to twelve thousand dollars in the first year and about one-half that amount in each succeeding year.

He added that the county would be required to pay for the initial outlay of supplies such as drugs, food, linens and many other minor necessities in the amount of about \$15,000.00.

While not making an official action, the Board of Supervisors and City Officials indicated every intention to proceed with plans to construct a hospital. Upon questioning, Architects Mogabab and Shrods stated that they could present plans for a hospital within 60 days.

Fowler said that the actual cost of a local level for a hospital would be 13% of the total, the remainder to be paid by State and Federal funds. However, he pointed out that the land must be purchased or secured by local parties.

Several sites offered to the American Legion for a hospital were inspected by Fowler, John Shaw, John Scafide, A. C. Mitchell, Dr. Shipp, Wayne Allison, Mogabab, Shrods, Joseph Benvenuti, Russell Elliott and Gordon Romanoff. A final decision for a site was not made at this time.

Anthrax Threatens Livestock Show

The latest outbreak of Anthrax, which last week was discovered in the Logtown-Napoleon area of Hancock County, is endangering the chances of having livestock exhibits at the planned Hancock County Fair.

The new outbreak, following on the heels of a quickly stamp-out anthrax blow south of Highway 90 several weeks ago, is being held in check in the Logtown-Napoleon area, the county agent's office said.

However, the state veterinarian has reminded county authorities that the county must be completely clear of diseased cattle for thirty days before any congregration of animals in places such as fairs and shows can take place.

The Hancock County fair is to be held October 1-2.

This means the anthrax disease must not crop up in a single animal between now and then, the county agent, Howard Simons said.

"We are very optimistic about it, though," he added. "We have not had an animal to die since last Thursday, August 26. If no new cases come up within the next week the area will probably be declared clear."

The livestock show proposed can be held if the go-ahead is given by the state veterinarian.

Bay St. Louis Will Vote On Sales Tax Saturday; Officials Urge Increase To Foot Bill For Improvements

READS CITY CIRCULAR—Rene deMontuzin, Bay St. Louis businessman, is shown as he reads the circular put out by the city officials prior to the sales tax election which will be held Saturday. The circulars and the ad in this week's paper give the reasons why the City is asking the citizens to vote for the increase in the sales tax.

Meeting Places For A. S. C.

Named In County

Meeting places for the ASC farmer-committee elections to be held on Saturday, September 4, 1954, from 8:00 a. m. to 12:00 noon were announced today.

The meeting places are: Ansley-Napoleon, Dave Hover's Store; Flatop-Aaron Academy, Aaron Academy School.

Dedeaux-Sellers, Sellers School; Leetown-Catahoula, Leetown School; Kiln-Rocky-Hill, Kiln School; Bay St. Louis-Lakeshore, County ASC Office, in the Agricultural Center, Bay St. Louis.

Voting will be for a community committee of three, one of whom will be a delegate to a county convention for the purpose of electing a county committee and alternates.

Methodists Open Study Group

The first study for fall at the Methodist church will be held September 17 through 24 and October 1 through 8 at 9:30 in the morning. The study is entitled "The City."

The Women's Society of Christian Service of this church held its business meeting on Tuesday, with Mrs. W. L. Chevis presiding. The program was given by Joan Miller.

However, the state veterinarian has reminded county authorities that the county must be completely clear of diseased cattle for thirty days before any congregration of animals in places such as fairs and shows can take place.

The Hancock County fair is to be held October 1-2.

This means the anthrax disease must not crop up in a single animal between now and then, the county agent, Howard Simons said.

HELPFUL HINT - It's the accurate casters who usually catches the most fish. You can develop your own technique right in the backyard by using a bushel basket as a target and a regular hook-less tournament casting plug or a small tobacco sack filled with sand. A few minutes a day and you'll soon be centering your casts right in that

open space among the lily pads, couple of at-home poker games.

It seems as though the weather has been too hot for even fishing. Not much activity has been reported this week.

Luke Elliott left Monday for his home in Baton Rouge after spending part of his vacation new fishing and golfing with his Dad and Brother O'Neill of St. Stanislaus College.

Rev. R. J. Kursenbauer of Los Angeles left Thursday after his vacation spent here and in New Orleans. As for fishing this weekend when the Rev. said he is not much on that sport, but when it comes to eating same he's the tops. He had a good time swimming and joining his old time buddies in a

Pass Christian Isles Golf Course, states that a tournament is in the making. Let's turn in those score cards, fellows!

After Labor Day fishing activities will kinder slow up but remember the fishing in this neck of the woods is good all year round.

This weekend saw a number of players at the Pass Christian Golf Course most of them were local pros. With cooler weather things will be at their best. Try course, you'll be surprised!

A fishing party out of Bayou Caddy Fishing Camp last Sunday on the Theresa Mae, from Jackson, Miss., was composed of Norman Daniels, Dennis Daniels, Joe Daniels, C. L. Blair, G. R. Tuymen, Horace Whitfield, C. Treschaway, Harold Spitchley, Phil Young, Abe Rotwein. They had a grand time and promised to return soon.

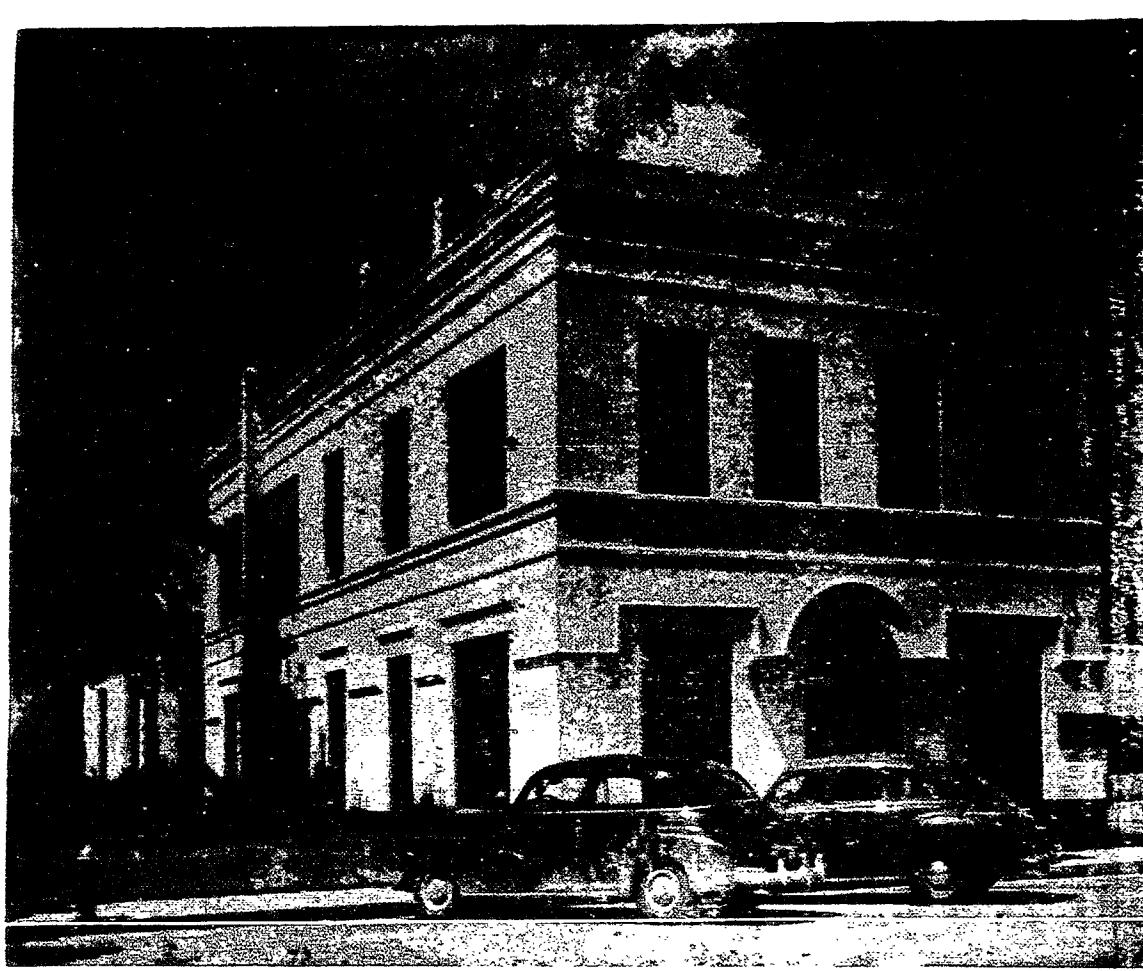

George Horton and his friend Miles were proudly telling of the green trout they caught up Jordan River last week. They were using live shrimp.

(This is the first of a series on the prospects of the high school football teams in this vicinity.) St. Stanislaus will have a strong line and a fair backfield this year.

At the present time fullback is the question mark of the team. Woodie Santa Cruz, who lettered as a center last year is filling this hole. He has plenty of power and fair speed. And he is the type of boy who likes to run over the opponent. Behind him there is Briers. The boy looked pretty good in spring training but has lost a lot of weight over the summer which has left him weak. Jimmy Le Blanc is another player aspiring to fill the shoes of A. J. Burke, who graduated last year, at fullback. He is light but has a lot of fight.

End is another well fortified position on the team. Only one man was lost here last year. In James Schnexayder, a transfer from St. James High in Welcome, La., and Louis Ladner of Waveland Stanislaus has two very fine receivers and defensive ends. Behind these two boys are three other lettermen. They are Birch Wilbert, Robert Pfleger and Corky Wittmann. Four new boys are also trying for one of the ends. They are Don Moonen, Donald McDonald, Quintin Cuevas and George Hewick.

Because of the depth in this position the local team is stressing passing more than in the past few years. This phase of offense at this time is best. Tackle is another spot loaded with lettermen. Douglas Talbot, Leon Fazio and Frank Hill are big boys with experience. The strength at this position is very

Financial Backbone

According to the U. S. News and World Report savings took another rise in the first half of the current year.

The savings of individuals in accounts at commercial banks, mutual savings banks and saving and loan associations amounted to about 97 billion dollars in June 30, 1954 against 81.6 billions at the end of 1953. In 1945, only nine years ago, total savings amounted to only 56 billions.

The liquid assets of individuals, a huge reservoir of purchasing power, stood at 201.5 billions at the close of 1953 and probably exceeds 205 billions by now. Besides savings accounts, this grand total includes currency, demand deposits and U. S. government bonds.

These substantial figures indicate that there must be a lot of traditional frugality stored up in the character of the American people. Despite the extravagances of government, earners and investors have piled up a growing backlog of personal security, an impounded pool of purchasing power.

American savers are the financial backbone of our economy... Their stabilizing influence gives commerce its spine and strength and keeps the wheels of industry spinning. They are in times of stress and strain our commercial salvation.

Even in a partially free economy, what the people can do to create new products, provide new payrolls and accumulate new wealth is well-nigh fantastic. And also in the pursuit of happiness, for a self-reliant citizenship, financially independent, makes for a happier people.

The most effective challenge to world Communism today is the freedom of the American people, their freedom to work and pray, to spend and save and lift their standards of living to ever higher levels.

There are a lot of things wrong with dynamic, creative USA, but we are the happiest and most prosperous people on the face of the earth, and there can't be too much wrong with the citizenship able to overcome so much interference from within and pressure from without and still make unprecedented progress in economic achievement.

Everytime Harshman Wins to Do George Digby's Reputation A Baseball Scout Rises

By GREGORY FARVE

The sports page of the newspapers around the country blared the heralds of a young rookie, by the name of Jack Harshman, when he pitched a 16 inning shutout against the Boston Red Sox.

Naturally the entire Red Sox organization and all the Boston fans were surprised at the ease and the skill the new Chicago mound ace displayed in handling the Beantown sluggers a remarkable setback.

That is, all but one. One man, George Digby, a Red Sox scout, who claims Waveland as his present home, was able to hold his head high and say "I told you so."

For he had done just that. Last year George had the deal set for the Red Sox to buy Harshman from the Nashville Vols as he puts it, "a steal."

Everything was arranged but the signing of the papers. Then the Red Sox front office brains decided that they had enough left-handers and crossed out the deal for Harshman.

But George Digby's long range prediction proved true. Harshman has shown his ability as a major league starter.

George said, "I had contacted Larry Gilbert of Nashville and had the contact made out for us to buy Harshman.

We were getting him for \$15,000 and two minor league ball players. That was a steal. I told the front office that Harshman was a left hander that could help us. But they said they had enough left-handers and let the boy go to the White Sox. I knew he could make the grade. He had won 27 games in the Southern Association for Nashville."

George returned home from his scouting duties this week to transact a business deal in New Orleans for the Red Sox. The Boston Club has signed an agreement with Caracas of the Venezuelan League.

The Red Sox will send some boys down there this winter to play ball. They will be shipped out of New Orleans. I am down here to handle the arrangements in New Orleans. I believe I will be appointed the contact man in that league for the club during the winter," George said.

During this past season the tall, former Jesuit of New Orleans, baseball coach did not sign any boys to a contract with the Red Sox. The baseball talent in the South was very lean this year, he said.

During the past three months George has travelled over seven states in search for future ball players for his club. He said, "The travelling is the hardest thing of my job. Of course my wife, Polly, is very good company. I would hate to think of going on the road without her.

"I did see a few boys in the Southern Association that look good. We may draft a couple of them."

Speaking about the failure of the Red Sox being a pennant contender this year he said, "When the season started Boston was nothing but a fourth place club. Ted Williams was the man who was going to carry the team. Then he was injured and to top that off Mel Parnell was hurt. You can't lose two men like that without the spirit of the club being hurt. And that means a lot."

"For the Red Sox to win next year they are going to have to improve their infield defensively and have more power at the plate. I have heard that this is Williams' last year. But I have a feeling that he will play another year. He wants to win one more batting title."

Who will win the pennant? George Digby, who has watched baseball games for a living for the past dozen years says, "The two teams that are on top now. That is, the Cleveland Indians and the New York Giants. It will be a good thing, also. It

Mary Lou Scafidi

Weds Bernard Mutter of N. O.

A midsummer wedding of much local interest was that of Miss Mary Lou Scafidi, daughter of Mr. and Mrs. Joseph J. Scafidi to Bernard A. Mutter, son of Mr. and Mrs. Ben Mutter of Covington, La.

The couple was married at a nuptial Mass at Our Lady of the Gulf Church here Saturday.

The ceremony, performed by Father Taylor, was held in a beautiful setting of gladioli arrangements in white with palms and greenery. The bride presented a blue and white bouquet to the Blessed Mother at the close of the ceremony.

Given in marriage by her father, Miss Scafidi chose for her wedding gown a creation of chantilly lace over nylon tulle. The gown had a high neckline, three-quarter sleeves and was buttoned down the back, where the skirt fell into a long train. Her veil of tulle was held in place by a crown of rhinestones and pearls. She carried a fan of white orchids and lily of the valley.

Attendants to the bride were Mrs. Milton Bievnu of La Place, La., as matron of honor; Jackie Luce of Pass Christian and Carol Ann Mossey of New Orleans, bridesmaids.

They wore beautiful gowns in pastel shades of green, yellow, orchid and carried fans of flowers in matching shaded colors. On their heads they wore tulle creations, with a fan shaped motif to the side.

Best man was the brother of the groom, Lloyd Mutter of New Orleans. Groomsmen were A. J. Weinberg, Jr., cousin of the bride and J. J. Scafidi, Jr., of Baton Rouge, brother of the bride.

For a reception following the ceremony, decorations of white blossoms and greenery were used, the cake being centered on a table covered with a lovely lace cloth.

Mrs. Seafide was dressed in frays.

—Mr. and Mrs. John A. Egloff and family and Mr. and Mrs. Nolan Kington will attend the Sheriff's convention at Knoxville, Tenn., next week.

mauve organza, which she wore with mauve hat and shoes. Her other accessories were white. She wore a corsage of pink roses.

The mother of the groom chose for the wedding a sheer silk print, which she wore with white accessories and a corsage of roses.

Following their honeymoon, the couple will be at home in Metairie, La.

The bride, who is a graduate of St. Joseph's here, wore on her wedding trip a blue shantung dress, accented at the neckline with rhinestones. Her accessories were white and she wore the orchid from her wedding bouquet.

The groom is employed in New Orleans by the U. S. Post Office.

Miss Heitzmann

Wed to Costa Rican

Miss Linda Alice Heitzmann of this city, daughter of Mr. and Mrs. Albert Heitzmann, Jr., was married in a 3 p. m. ceremony at Our Lady of the Gulf Catholic Church Saturday to Neville Glenn Orrett, son of Mr. and Mrs. William Orrett of Costa Rica.

The double ring ceremony was performed by Father Robinson, with Professor Hammershock providing music for the occasion.

The bride's father gave her in marriage.

For her wedding gown, the bride wore a ballerina length creation, the bodice made of imported french lace. It featured a scalloped neckline, and long sleeves, ending in a point at the hand. The full skirt was of nylon tulle over taffeta. She wore a fingertip length veil held by a small white hat and carried a bouquet of fleur d'amour.

Attending the bride was a sister, Miss Mary Alice Heitzmann. She was gowned in lavender nylon tulle of ballerina length and carried a bouquet of asters shaded in blending colors.

The church decorations were beautiful arrangements of white gladioli and pom poms with fern.

The best man was Byron Kane of New Orleans. George Heitzmann, uncle of the bride, was usher.

For a reception held at the Heitzmann home following the ceremony, the bride's mother received in a pink imported lace gown, which she wore with white accessories and a corsage of white carnations.

The mother of the groom wore for the wedding a sheer silk print, which she wore with white accessories and a corsage of pink roses.

The bride, who is a graduate of St. Joseph's here, wore on her wedding trip a blue shantung dress, accented at the neckline with rhinestones. Her accessories were white and she wore the orchid from her wedding bouquet.

The groom is employed in New Orleans by the U. S. Post Office.

Monvel Maskew

Is Promoted

The couple will live at S. L. I. where the groom is attending school.

The bride is a graduate of Bay High School and until her marriage was employed at the Cane Oil Company here.

The groom is a graduate of St. Stanislaus.

The double ring ceremony was performed by Father Robinson, with Professor Hammershock providing music for the occasion.

The bride's father gave her in marriage.

Ball-Joint Front Suspension is the most important chassis development in 20 years, for easier riding and handling. And Ford is the only low-priced car that has it.

Trend-setting styling

Ford's trend-setting styling has set the pace for the industry. It is forward-looking styling that's out front today and will stay attractive for the years ahead, too.

Highest resale value

An analysis of used car sales statistics shows that recent-model Ford cars return a greater portion of their original cost than any competitive make of car.

UNITED GAS

Serving the Gulf South

MODERN
COOKING
CALLS FOR

Gas

No lengthy burner warm-up or cooling-off periods to make your kitchen uncomfortably hot. Only modern gas cooking gives you instant heat. All the cooking temperature you require is there the second you turn on your gas burner... and heat stops the second you turn it off.

Millions are enjoying the comfort and convenience natural gas service brings to the home. It is essential in their interest as well as the public generally that the natural gas industry be encouraged in every way to continue its search for new reserves of this matchless fuel. Assurance of dependable supplies is another reason why everyone agrees that gas service is the biggest bargain in your home today — worth every cent you pay for it... and then some!

DELINQUENT REALTY TAX SALE

STATE OF MISSISSIPPI
COUNTY OF HANCOCK

Notice is hereby given that L. John A. Egloff, Sheriff and Tax Collector, will on Monday, Sept. 29 A. D. 1954, offer for sale at the front door of the Courthouse of Hancock County, Miss., in the City of Bay St. Louis, within legal hours, to public outcry to the highest bidder for cash the following lands, delinquent for the State, all General County Funds, All School Funds, All Road Protection Funds, All Sinking Funds, Forestry Fund, and Road and Bridge Fund Taxes, all due thereon for the year 1953, or so much thereof as may be necessary to settle said taxes and costs, to-wit:

VOTE
FOR
THE SALES TAX
SATURDAY

The Mayor & Commissioners Of Bay St. Louis Urge The Citizens & Taxpayers To Vote For The 1-2 Of One Per Cent Sales Tax On Saturday Sept. 4th

VOTE
FOR
THE SALES TAX
SATURDAY

This tax will provide an annual revenue of approximately \$25,000. The Commission Council pledges to use this additional revenue for the following proposed improvements:

Hard surfacing of existing dirt streets.
Increase wages of city employees 10 per cent.
Provide funds to assist in the construction and maintenance of a hospital.
Purchase and develop a site for a much needed cemetery.
Re-surface streets which are in dire need of repair.
Widen the first block of Main Street to alle-

viate traffic congestion.
Improve surface and storm drainage and natural drains.
Hard surface Railroad Avenue to the city limits.
Increase financial support toward the City-County Memorial Library.
Provide funds for the City's pro rata share for employing a Youth Counselor.

Here Are All The Facts

WHY DOES THE CITY NEED THIS ADDITIONAL REVENUE?

During the period 1948 to 1953 all the municipalities of the State received financial aid from the State thru the distribution of the so-called "Pork Barrell" funds. Bay St. Louis' share was approximately \$7,500 per year. The last legislature failed to provide for any financial aid whatsoever for the municipalities.

As a result of the loss of this state aid, the revenue from our present ad valorem tax is hardly enough to enable us to hold what we have. We cannot even think of accomplishing the program outlined above. A city must progress and improve or it will lose ground and deteriorate.

CAN THE CITY OBTAIN ADDITIONAL REVENUE IN ANY OTHER WAY EXCEPT THROUGH A SALES TAX?

The only other method of obtaining additional revenue is by increasing the present ad valorem tax. Every property owner, we feel sure, would be opposed to this method.

WHAT OTHER CITIES ON THE COAST HAVE THIS SALES TAX?

Pass Christian, Gulfport, Biloxi, Ocean Springs, Pascagoula and Moss Point.

WHAT WILL BE DONE ABOUT THE STREETS?

The city has grown and most of our dirt streets must be improved. We plan to black-top these streets, many other of our streets are in need of repairs. If we don't repair or resurface some of these they will soon become a total loss.

The first block of Main Street is terribly congested and as a result very hazardous. We

plan to widen Main Street and alleviate these conditions.

WHY DO WE NEED A CEMETERY?

Cedar Rest Cemetery, owned by the City is terribly crowded, and at present there is room for perhaps only fifteen more family plots, after that what? We must purchase new ground for the burial of those that pass on. Should we have an unusually high death rate suddenly, we would not have room to bury our dead.

IS A RAISE FOR THE CITY EMPLOYEES NEEDED AND JUSTIFIED?

Everyone realizes how the cost of living has been continuously increasing. The average city employee now earns only about \$155.00 per month, and they have had no raise since 1952. It will most certainly be deplorable for the city to fail to provide increased earnings to all its employees at this time.

WHAT MUST BE DONE ABOUT DRAINAGE?

There are several natural drains which serve the entire city. They all need improving and are in constant need of cleaning. If we can improve these drains by putting culverts in them, they will make possible additional home sites and eliminate the high cost of keeping them cleared.

WHAT HELP ARE WE GIVING OUR YOUTH?

The city now contributes \$150.00 per year to the Bay St. Louis Youth Center. We certainly all realize the necessity for helping to encourage the wonderful influence that our Youth Center has on our youth and we propose to increase the financial aid to the center a considerable amount.

The City-County Memorial Library provides a

wonderful and much needed service to the old and youth of our community and we propose to increase very substantially the aid now being given to it.

We want and are in much need of a Youth Counselor—who will investigate the causes of juvenile delinquency and will take the steps to save the youngsters before they wind up in the Court.

IS A SALES TAX FAIR?

It is the fairest tax there is. We all realize our city is a resort. We have a large influx of summer visitors and residents, who utilize all of our facilities and services for which they bear none of the tax burden. A sales tax will provide a means by which these people will help to bear the cost of providing the facilities and services which they utilize.

A family which spends \$1,000.00 in the retail stores of Bay St. Louis annually, would pay an additional sales tax of only a little more than \$5.00.

WILL THE SALES TAX MEAN EXTRA BOOKKEEPING FOR THE BUSINESS MAN?

No. The State will continue to collect it just as they are doing now. The business man will pay to the State just as he is doing now. The State will do all the extra bookkeeping.

The present two percent sales tax all goes to the State. It helps to pay for your public schools, your rural roads, etc., the city doesn't get any of it. BUT THIS NEW TAX WILL STAY IN BAY ST. LOUIS. OUR CITY WILL GET THE BENEFITS OF EVERY PENNY PAID.

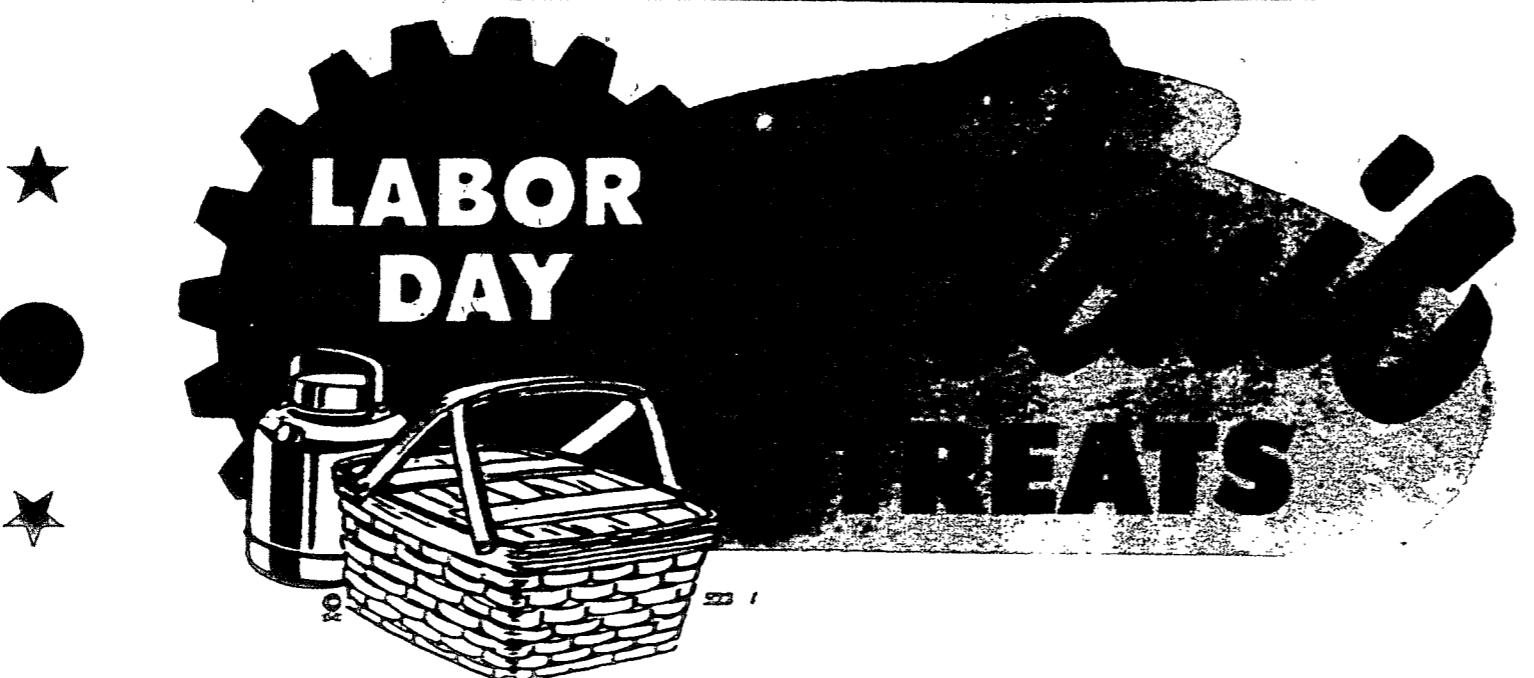

WE PLEDGE TO YOU THAT THIS TAX MONEY WILL BE SPENT AS OUTLINED ABOVE. THERE WILL BE NO INCREASE IN THE AD VALOREM MILLAGE. WE HAVE POINTED OUT WHAT WE NEED AND WHY WE NEED IT.

Vote For The City Sales Tax In The Special Election Saturday September 4th

Lakeshore Notes

BY MRS. MALCOLM GREEN

Mr. and Mrs. Doyle Garcia and children Doyle, Jr., and Debra, Mrs. Georgette Bourlet, Mr. and Joseph Bourlet, A. J. Bourlet and his fiancee Miss Carolyn Ratcliff, all of New Orleans were week-end guests of Mr. and Mrs. Gordon Garcia. They all fished and crabbled and had a wonderful holiday.

The stork had a busy week-end in Lakeshore.

Mr. and Mrs. Rufus La Fontaine have a new baby girl, their fourth born Friday, weighing 9 pounds; named Deborah Ann. Warren Garcias also have a little girl weighing 7 pounds, 10 ounces, born Saturday evening; named Sylvia Lynn.

Lois Le Brun of New Orleans and her mother were week-end guests of Mrs. L. Villim.

Three years ago while swimming over here, Lois became a victim of diphtheria. She was taken to Charity Hospital and the Infantile Paralysis Foundation spent almost \$4000.00 on Lois, giving her the best care and treatment that money can buy. Now Lois, who is 12, is recovered and the limp left arm is the only thing to remind her of the 12 years she spent in the hospital. During this emergency March of Dimes we must all give what we can so that the G. m. Globulin Serum can be given to all children in the hope that they won't have to go through life with a crippled arm like little Lois.

Mrs. Georgette Bourlet of New Orleans, formerly of Clermont Harbor and Lakeshore, announces the coming marriage of her only son A. J. to Miss Carolyn Ratcliff of New Orleans, the first week in October.

Archie Courregue motored over Saturday to visit his father and his aunt Mrs. Mae Courregue.

Please don't forget the Annual Benefit Party for St. Joseph's of Pearlington, St. John's of Lakeshore, and St. Ann's of Ansley to be held on the church grounds in Pearlington Saturday night Sept. 4. Lots of prizes and fun for young and old.

Mr. and Mrs. Sylvester La Fontaine of Lakeshore wish to announce the wedding on August 14 of their youngest daughter Geraldine Mary to Alc James Robert Ingersoll, son of Mr. and Mrs. J. V. Ingersoll of Galax, Virginia. The young couple were attended by Miss Irma Barge of Lakeshore and A. Delbert Seay of Keesler Field.

On Wednesday Mrs. L. Villim and her house guests Mrs. Lena Bourgeois and children of New Orleans motored to Lyman, Miss., to visit Mr. and Mrs. John Hourbeit.

Sunday Mrs. Georgette Bourlet and Mr. and Mrs. Joseph Bourlet motored to Waveland to visit their friends Ed Tucker.

The best wishes of our community are extended to newlyweds Mr. and Mrs. Clifford Voight, who were married Saturday morning in St. John's Catholic Church in Lakeshore by Father Raphael Toner. Mrs. Voight is the former Doris Arndt, sister of Mrs. William Borgard of Lakeshore. Immediately following the wedding a reception was held at the Top Hot in Waveland.

The new home of Mr. and Mrs. John Borgard is almost ready for the Borgards to occupy, after living in New Orleans and week-endings in Clermont for many years.

Mrs. Viola Garcia is a house-guest of her sons, Leroy and Doyle and their families.

Gulfview Consolidated School will open Friday, Sept. 3 for registration and assignments. Be sure to bring the birth certificate, if your youngster will be 6 by January 1st, 1955.

We wish to correct a social note in the City Echoes that was inadvertently published in the Aug. 26th 1954 issue of the Sea Coast Echo. Namely: "Mr. and Mrs. Russell Elliott were hosts to a group of fellow Legionnaires, etc."

This was a Private Party and had no connection with the Legion nor the Legion Auxiliary.

(Signed) MRS. RUSSELL ELLIOTT.

Sincerely,
The Moran Family.

Sales Tax

This Saturday the voters of the City of Bay St. Louis will vote on the issue of increasing the sales tax. We support this increase. The city could use the many needed improvements. The amount this would be close to \$25,000 a year.

Since this is an off year election many voters will be less inclined to vote. This is a good time to exercise our sense of responsibility, that is, to vote.

The City Fathers have stated their intention to use the extra funds are concerned. They have
